Background

In the era of globalization, **technology** is developing **rapidly** and has become **an integral part of human life**. Its rapid development has changed almost all aspects of human life. However, in addition, technology also raises various **issues** and **challenges** that need to be addressed, especially in the context of guidance and counseling.

One of the crucial roles that Guidance and Counseling can play to address these issues and challenges is by **helping individuals to navigate the challenges that arise**.

Guidance and counseling must be able to act as a bridge/mediator that can **connect technological advances with mental health, well-being, and human values**.

Guidance and Counseling practitioners and academics can ensure that technology is used to support human and ethical values.

The 2nd BICGC is an **international seminar** that can be used as a forum for academics, practitioners, and researchers to discuss and exchange ideas on **how technology can be used and integrated** harmoniously, ethically and effectively **with human values in the field of Guidance and Counseling**.

The 2nd Bandung International Conference of Guidance and Counseling with **the theme**,

"Aligning Technologies with Human Values: Issues and Challenges for Guidance and Counseling in Global Context"

Objective

The 2nd BICGC aims to advance the practice of guidance and counseling that is **responsive, adaptive, and humane in the midst of current global technological developments.**

The 2nd BICGC can be an opportunity to create a significant **POSITIVE IMPACT** on individuals and society welfare through responsible use of technology, for Guidance and Counseling.

Besides that, there are also some specific objectives of The 2nd BICGC, which are as follows,

1

PROVIDE

a forum for academics, practitioners, researchers, and other stakeholders to discuss and exchange ideas on how technology can be used and integrated harmoniously, ethically and effectively with human values in the field of guidance and counseling.

2

INSPIRE AND ENCOURAGE

participants so that they can find innovative solutions in utilizing technology ethically and effectively, without compromising the fundamental values that are the foundation of guidance and counseling.

3
